

MISSION MOSQUITO STUDENT POSTER TEMPLATE

GLOBE Asia-Pacific Campaign – Student Research Submission Guide

POSTER TITLE

Create a catchy and descriptive title that explains your investigation.

Example: “Tracking Mosquito Hotspots in Our School Garden”

STUDENT INFORMATION

- Name:
 - Age:
 - Grade Level:
 - School Name:
 - Country:
-

RESEARCH QUESTION

What were you trying to find out?

Example: “Are there more mosquito larvae found in artificial containers or natural puddles?”

INVESTIGATION AREA

Where did you conduct your observations?

Include city/town, school, neighborhood, etc.

METHODS

What did you do and how?

- How many sites did you observe?
 - What tools did you use (e.g. GLOBE Observer app)?
 - How did you collect data?
-

RESULTS

What did you find?

- Use charts, tables, or bullet points
- Include photo(s) or diagrams from your fieldwork

- Example:

Site Type	Larvae Found
Bucket in garden	Yes
School pond	No

CONCLUSION

What did you learn? What might it mean?

- Answer your research question
- What might be causing your results?
- What can your community do with this information?

REFLECTION

What was fun or surprising? What would you do differently next time?

SUBMISSION CHECKLIST

- ☒ Poster is clear and easy to read
- ☒ Photos or visuals are included
- ☒ Data is organized
- ☒ Student name and school are listed.
- ☒ Submitted before deadline: August 12 – August 19, 2025

Submit your final poster as a PDF or image file to:

ap.region.globe@gmail.com

Let your data tell the story. Good luck, Mosquito Detectives!
